MAKING USE OF SPACE AROUND THE WHEEL WELLS

WEATHER GUARD® has figured out a way to make use of otherwise unutilized truck bed space above and behind the wheel wells with these uniquely shaped boxes. They establish a great location for storing small parts and hand tools to which you often need quick, easy access. They're constructed of either steel—protected with a Brite White ARMOR TUF® Powder Coat finish—or aluminum diamond plate (Clear or Gloss Black). Pork Chop Boxes leave plenty of room in the truck bed for hauling around your weekend toys.
