WHY KNAACK®

KNAACK® products offer contractors a market leading resource for proven tool storage.

From portable gang boxes and work stations to the largest stationary chests, KNAACK® provides versatile storage solutions to keep you organized while protecting you from theft. Select the equipment that best fits your needs.

KNAACK® BRAND PROMISE

KNAACK® provides maximum security against theft 24/7. No one has a better track record of proven protection. Well beyond traditional tool storage and security, KNAACK® innovation takes jobsite protection to the next level. KNAACK® designs and builds product with a customer focus to provide the best in productivity, user safety, security, and ergonomics.

KNAACK® SECURITY - IT'S A LOCK.

All KNAACK® products are designed for use with a traditional padlock.

- The KNAACK® Double Lock & Watchman IV Lock System, with recessed housing, prevents bolt-cutter break-ins.
- One-time lock installation means no downtime replacing locks.

DOUBLE LOCK SYSTEM - CLASSIC CHESTS

- KNAACK® Classic Chests are designed with a 2-point lid locking system that requires 2 independent pad-locks to create a secure Double Lock System.

WATCHMAN IV LOCK SYSTEM - JOBMASTER® CHESTS

- KNAACK® JOBMASTER® jobsite storage products include the Watchman IV Lock System that utilizes a single padlock to control 3 lid securing pins.
- Watchman IV featured on 2472AZ & 89AZ, not on 119AZ

KNAACK® JOBSITE STORAGE SOLUTIONS

FIELD STATIONS

Serves as your mobile jobsite office. First to the jobsite, and the last to leave, the field station holds your day-to-day tools, equipment, drawings and documents.

PIANO BOXES

Piano boxes are built with a unique folding door that opens easier to allow greater access to an increased variety of tools. One of the most versatile storage solutions available.

CHESTS

Whether you need a mobile storage chest, or a stationary job box for all your tools.

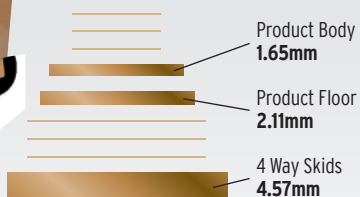

- Classic - Double Lock System
- Jobmaster - Watchman IV Lock System

HEAVY DUTY DESIGN

Built KNAACK® Tough for security against theft and weather with 16 gauge steel and anti-theft design.

HEAVY DUTY STEEL CONSTRUCTION

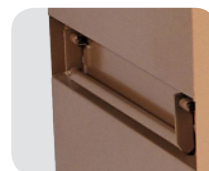

STANDARD FEATURES

FOUR WAY SKIDS

- Forklifts can gain access from all sides, making it easier to move the boxes around the jobsite and in the warehouse.
- Pre-drilled for adaptation to wheel castors to improve mobility and access. (Wheel castors sold separately)

RECESSED HANDLES

- Heavy duty recessed pivoting handles allow for easy transporting from either side of all KNAACK® boxes.

FIELD STATION

WATCHMAN® 5 LOCK SYSTEM
Features heavy-gauge double latches and a vertically mounted recessed lock that resists drill-outs, prying, and cutting for superior tamper- and weather-resistance.

HEAVY DUTY GAS STRUT
allows for smooth opening & closing.

HEAVY-DUTY VAULT-STYLE HINGES
Bottom doors interlock with body to provide maximum pry-resistance.

MODEL 119-AZ
EAN # 9312097059306

Storage Capacity: **3.42 m³** Ship Wt: **308 kg.**

Think of it as command central. It's first to the jobsite and last to leave and holds everything that's needed day-to-day – from tools and equipment to essential supplies, drawings, and documents. When the work day is over, the field station locks up tight for secure overnight storage.

OPTIONAL ACCESSORIES
